

York Children's Foundation Guidelines for Submitting Grant Applications

The York Children's Foundation was established in 1992 to disburse funds to non-profit organizations that work for the benefit of children. Generally, this means organizations that are not related to the Foundation, that are exempt from Federal income tax, and that have formal documents that have been filed with the Internal Revenue Service.

To qualify for funding, an organization's activities must be primarily directed towards the welfare and benefit of U.S. children. *The Foundation will not fund organizations or programs that discriminate on the basis of race, religion or sex. The Foundation also will not fund organizations that are engaged in any political activity or otherwise attempt to influence legislation.*

Grant applications are reviewed quarterly by the Board of Trustees of The York Children's Foundation. Only one application per organization will be accepted in any judging period. Grants awarded range from \$1,000 to \$5000. They may be requested for any purpose related to providing benefits for children (e.g. building funds, supplies, salaries, education, etc.).
